Where squads and teams are invite only for trials, these invites are based on the teachers' ongoing observations of children during PE lessons. Open trials will be held by the teachers running the relevant squads. We are always impressed by the high number of children who are willing to put themselves forward to represent Brookland and grateful for the support of our parents with transport and cheering. Mr Adjudani and Mrs Capelan oversee the Brookland PE provision and changes to the above may be needed as the year unfolds. Teachers running the school teams do so in addition to their normal responsibilities in their own time. We do not charge for training sessions or events, however, we are introducing a request for a small contribution towards PE resources of £10 a term from September 2024 for those in regular training sessions. This should in no way deter children from putting themselves forward for squads and is entirely voluntary. Information about who is or is not able to make a contribution is confidential to the office team managing school finances.
